## SUMMARY

Full Stack Web Developer with a lifelong passion of programming, whether it be dabbling in game development or building complex web apps. Recently graduated University of Arizona's Full Stack Web Development Bootcamp, mastering the craft of front end design, and database development. Collaborated with various groups to deliver impressive web apps within a deadline, often taking lead to assign roles and doing a majority of the development and bug fixing. Working everyday to improve skills and learn new technologies.

## TECHNICAL SKILLS

**Languages:** HTML, CSS, JavaScript, Python, SQL, NoSQL

**Applications:** MongoDB, MySQL, Github, Slack

**Tools:** React, jQuery, Node, Express, Mongoose, Sequelize, Flask, Handlebars, Bootstrap, SemanticUI, Heroku

## PROJECTS

**Book Search Engine** | <https://github.com/ThomasKubant/book-search-engine> | <https://thomaskubant-book-search.herokuapp.com/>

- Search engine that allows users to sign up, search for books using the Google Books API, and save books to their favorites list. Books have a detailed description and an image.
- Sole Author
- CSS, Bootstrap, Express, React, MongoDB, Mongoose, GraphQL

**Tech Blog for Tech People** | <https://github.com/ThomasKubant/Blog> | <https://mighty-cliffs-21833.herokuapp.com/>

- Social media site which lets tech enthusiasts share technology related news. Users can like, comment, and manage their posts with ease.
- Sole Author
- HTML, CSS, JavaScript, Express, Handlebars, SQL, Sequelize

**Python News Blog** | <https://github.com/ThomasKubant/python-newsfeed> | <https://thomaskubant-python-news.herokuapp.com/>

- Social media news source built using Python and Flask. Users can expect similar features found in Tech Blog for Tech People, just built on a different backend.
- Sole Author
- HTML, CSS, JavaScript, Express, , SQL, Python, Flask, Jinja

## EXPERIENCE

**Personal Shopper**  
**Walmart**

March 2020 – Present  
Phoenix, AZ

- Using various technologies to shop for customers' online grocery orders quickly and efficiently, maintaining excellent customer service whilst simultaneously scoring the highest shopping rate in the store.
- Organizing orders in a specific manner to easily bring them out to customers' cars, loading groceries into their trunk while having a welcoming conversation.

**Manufacturer**  
**W. L. Gore & Associates**

August 2019 – February 2020  
Phoenix, AZ

- Manufacturing heart stents utilizing complex machines ensuring each part is precisely made to strictly follow compliance.

- Communicating with team members to divide tasks while assisting colleagues to help maintain steady pace.
- Following procedures to package and organize finished products to be sent to Quality Assurance.

**Sales Associate**

November 2018 – August 2019

**Vans**

Phoenix, AZ

- Providing stellar customer service to customers by greeting, answering any questions about products, and assisting in finding products.
- Responsible for satisfying 200 to 400 customers on a daily basis.
- Managing the organization of the stock room by preparing items to be displayed on the sales floor and processing incoming freight.

**EDUCATION**

**Full Stack Web Development Bootcamp Certificate:** University of Arizona, Phoenix, AZ

A seven month intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.
